There is no doubt that our world has forever been changed. The effects of 2020 likely will not be fully understood for decades to come. And here at Riverview School, we experienced our own set of challenges, and obstacles:

◊ We reimagined our hands-on teaching and learning models to adapt to the need for health and safety.
◊ We supported the social/emotional needs of our students at a time when there was so much fear and uncertainty.
◊ We recreated vocational work spaces, and learned exciting new ways to deliver our mission virtually.

But when faced with those obstacles, Riverview rose to the occasion. We challenged ourselves to innovate and think differently. **Riverview did not pause.** We did not hesitate. We learned, we led, and we continued to push the needle of progress forward for the benefit of our students. While there is MUCH to be proud of, there's even MORE to be excited about...

Over this past year, we have continued to challenge and work towards our strategic goal of broadening our impact and becoming a center of excellence:

◊ **Cohen Center for Fitness and Recreation:** On March 16th, 2021, we officially opened our brand new Fitness and Recreation Center that will be a cultural hub, a beacon of wellness, and a space that will provide opportunities for alumni engagement as well. We’ve built a critical, comprehensive, and integrated program that is now identified as one of our school’s primary core competencies. Students now have access to a complete wellness experience on-campus. We now have a world class facility for our world class students. And as part of our continued commitment to wellness programing, this summer we will begin another construction project to transform our former wellness center into a Nutrition Center. The Nutrition Center will be equipped with a cooking classroom, individual teaching stations, and a dining area that will elevate our ability to effectively teach nutrition and cooking skills.

◊ **Stonehill College Graduate Program Partnership:** We are excited to officially launch our partnership with Stonehill College! As part of this partnership, we will be providing a Master’s Degree in Inclusive Education on Riverview School’s campus starting in the fall of 2021. Classes will be held approximately one weekend a month over the course of 2 years. This program will also lead to licensure as a Teacher of Students with Moderate Disabilities (5-12). Riverview will be offering full tuition support for 6 current staff during each program cycle. This investment in our passionate and dedicated staff will help us become an employer of choice by attracting, retraining, and equipping outstanding professionals who make our students’ growth possible.

◊ **University of California's Mind Institute:** We are thrilled to be partnering with Pediatric Neurologist Margaret Bauman and the University of California MIND Institute’s Autism Center of Excellence to host an Autism lecture series on the Riverview campus this summer. The MIND Institute is an international research center and clinic that is committed to the awareness, understanding, prevention, and treatment of the challenges associated with neurodevelopmental disabilities. This lecture series will offer the general public opportunities to come to the Riverview campus to learn about Autism from leading researchers in the field.

◊ **Commitment to Diversity, Equity and Inclusion:** We continue to make meaningful progress in our commitment to increase our cultural competency in the areas of Diversity, Equity, and Inclusion. We have formed an internal Advisory Committee of 15 staff members who are working with our Board of Trustees’ Diversity Committee to weave an awareness of and sensitivity to DEI into the fabric of our community.

As we reflect back on this past year, one thing is clear. Riverview’s collective partnership between students, faculty, parents and alumni is stronger than ever. We are committed to garner the resources necessary to continue the progress needed to excel in all that we do.

**Help Secure Riverview’s Future: Support our Virtual Gala**

*Funds raised now through May 21st will be dedicated to faculty and school development.*
Sponsorship Levels

Dream Sponsor $50,000
- Gala Swag Box
- Recognition during our Live Giving Hour
